## Risk Factors

Investments in securities are subject to market risks. There are no assurances or guarantees that the objectives of any of the Products will be achieved. The investments may not be suited to all categories of investors. The value of the Portfolios can go up or down depending on various market factors. The past performance of the Portfolio Manager does not indicate the future performance of the Products or any other future Products of the Portfolio Manager. Investors are not being offered any guaranteed or indicative returns through any of the Products. The names of the Products do not in any manner indicate their prospects or returns.

The performance of the Products may be adversely affected by the performance of individual companies, changes in the market conditions, micro and macro factors and forces affecting capital markets in particular like interest rate risk, credit risk, liquidity risk and reinvestment risk. The Portfolio Manager is not responsible or liable for any loss resulting from the operations of the Products/ Portfolios. Each portfolio will be exposed to various risks depending on the investment objective, investment strategy and the asset allocation. A non-diversified Portfolio tends to be more volatile than a diversified portfolio. Please read the Private Placement Memorandum (PPM) and Scheme related documents carefully before investing.
